

EXTENSION ACTIVITIES OF DEPARTMENT OF CHEMISTRY

Year 2016-17

Knowledge at the service of less privileged. (Tuition for the students in the St. Antony's orphanage)

In the academic year 2016-17, Department of chemistry extended a helping hands to the needy ones in the society. Department decided to help in the studies of members of the St. Antony's Orphanage. After the regular class hours our students visited the orphanage and were actively involved in the tuition class. Sr. Barakala Pushpa and other faculty members also supported the students with their presence and guidance.

CONSCIENTISATION PROGRAMME

As the part of SSA project, St. Joseph's GHSS invited our students to take a class on 'Health and nutrition for Adults' and 'Healthy Food Habits' Second year students of the department arranged a class for the St. Joseph's higher secondary school students on 16-02-2017.
